

Request for Approval of Master's Degree Supervisory Committee School of Biological and Health Systems Engineering

To: Chair of the Graduate Committee

From: _____ Date: _____
(Students Name)

ID: _____

The following faculty members have agreed to serve as members of my Master's Program Supervisory Committee:

	Name	Signature	Date
1. Chair	_____	_____	_____
2. Co-Chair	_____	_____	_____
3. Member	_____	_____	_____
4. Member	_____	_____	_____
5. Member	_____	_____	_____
6. Member	_____	_____	_____

(A minimum of three (3) members make up the committee: One chair and two members or two co-chairs and one member. See explanation below.)

Approved: _____ Date: _____
Chair of the Graduate Committee

Approved: _____ Date: _____
Department Chair

* * * *

* A supervisory committee consists of a chair (must be Bioengineering tenure-track) and two other members. Qualified individuals outside the university, upon the recommendation of the head of the academic unit and approval of the graduate college, may serve as members of thesis committees; however, such individuals may not serve as chairs or co-chairs (unless they have affiliated faculty status. 50% of the committee must be Bioengineering tenure-track faculty).

** Academic Professionals (e.g., research scientists, research engineering), non-tenured-track faculty (e.g. adjunct professors, research professors), and individuals granted affiliated faculty status through established university procedures may serve as co-chairs, members, or extra members of thesis committees upon approval by the graduate college.
